

# Frozé All Day! Recipe

**Serves 4-6 glamorous humans or 2 scandalous ones.  
Plan accordingly!**

## Ingredients:

- ⊙ 1 bottle dry rosé (this matters so your drink isn't overly sweet)
- ⊙ 1 cup frozen strawberries (or peaches for a twist!)
- ⊙ 1/4 cup simple syrup (equal parts sugar and water, dissolved  
—adjust to taste)
- ⊙ Juice of 1 lemon

Optional:

- ⊙ a splash of peach schnapps if you want it extra sassy Fresh mint for garnish

## Instructions:

**Freeze the rosé:** Pour the bottle into a wide, shallow dish or ice cube trays and freeze until solid (about 6 hours or overnight). It won't freeze completely due to the alcohol, but that's okay—it just needs to get slushy.

**Blend it up:** Once frozen, scoop the rosé into a blender. Add the frozen fruit, lemon juice, simple syrup, and any optional splash of sass.

Blend until smooth and silky.

Serve immediately in stemmed glassware. Garnish with mint.

Sit back, clink glasses with your favorite people, enjoy the sunshine, and fan yourself.
